About Us

DS Speciality Products LLP was established to provide a comprehensive range of world-class Bearings, Electrical & Automation, and Pneumatics products by partnering with leading manufacturers worldwide. Since its inception, our founder has demonstrated strong leadership, hard work, and commitment.

We source our product range from top global producers of bearings and automation products to ensure uncompromising quality as per ISO standards and offer them to customers at competitive prices. We have emerged as the largest and most well-known supplier of bearings in India, experiencing rapid growth in almost every segment we operate in.
